

Green
Apple
STUDIO

**MEMORIES THAT
BRING US TOGETHER**

Welcome to Green Apple Studio, the school photography company that focuses on education, family, the environment, outdoor and indoor physical activities, sharing, equality and mutual support.

OUR VALUES

At Green Apple Studio, we believe that our commitment to these key values allows us to provide superior school photography services while creating lasting memories for families.

EDUCATION

We understand the importance of education for the personal and professional development of children and students. That's why we are committed to providing high quality school photography services to capture the precious moments of their academic journey.

FAMILY

We recognize the importance of family and the positive impact it can have in a child's life. Our values are based on the importance of family support for the development of young children.

EQUALITY AND MUTUAL SUPPORT

We believe in equality and mutual support, and strive to provide services that are accessible to all, regardless of their economic situation. We also work in collaboration with schools to support community activities and projects, as well as with Breakfast Club of Canada, which helps children access a nutritious breakfast.

PHYSICAL ACTIVITIES

We understand the importance of physical activity for the health and development of children, and we are committed to capturing these moments in a creative and artistic way. We believe that physical activity has the power to bring people together and strengthen communities, and we regularly donate to foundations such as the Montreal Canadiens Children's Foundation and the Montreal Impact Foundation in order to promote health, well-being and solidarity in local communities.

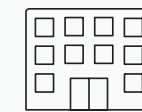

ENVIRONMENT

We are aware of the impact our environment has on our health and well-being. That's why we minimize our carbon footprint by using environmentally friendly photography techniques, carbon neutral printing equipment and sustainable business practices.
